

6

things
you should
say to your kid's everyday

- **I love you** : Don't go a single day without saying these words.
- **You make me very happy** : It is so important them to know this!
- **You are very special**: Tell them this often.
- **I like it when you....**: Point out positive aspects of their behavior, character, talents and idea.
- **I am grateful for you** : Pray and have faith for your kids.
- **I believe in you / trust you** : Children feel secure when they know this.

*"Remember kids are a blessing,
a miracle and a light that can illuminate your life.
Make them feel it and know it well."*

"AN OPTIMUM PRE-PRIMARY SCHOOL"

Every child has an infinite potential to shine, So our vision is to nurture the curiosity of each child so that they grow in knowledge and in the confidence of their capabilities.

To create an institution which fosters student's natural curiosity, thirst for knowledge and learns to value themselves, others and the society, which builds a strong foundation for character development and lifelong love of learning.

WHAT HAPPENS AT DRONALAYA?

We have a passion for excellence and innovation in preschool education.

So Dronalaya creates a learning atmosphere ideal for early childhood education and a learning environment that provides a climate for physical, social and cognitive development.

Your child will be able to:

- Learn to work with others and make friends through group activities and cooperative play.
- Express their creativity, for example, through dance, movement and art.
- Build their communication skills by listening to and having conversations with the educators and other children.
- Develop the skills that they need for reading, writing and mathematics.

Advantage

- Develop a positive attitude in children and admire diversity.
- Help children discover, enquiry, explore and reflect.
- Motivate children to think out of box in order to prosper.
- Inspire children and teachers to co-construct knowledge as companion.
- Reveal children to technology as tools to attract with, explore and gather information.
- Permit children to make sporty choices and become independent thinkers and decision makers.

METHODOLOGY

We integrate concept (what we evolve), creative (how we evolve) and support (how we make it attractive and effective for children) in a smooth process to ensure that learning is delightful and culturally connected.

HOW WE WORK

CONCEPT

CREATIVE

SUPPORT

Pre-Primary Admission

PROCESS:

At Dronalaya we consider FUN to be absolutely essential in keeping our bodies, minds & spirits young! So come celebrate, discover a unique, environment that's unlike anything you've ever encountered before. Our curriculum is designed with age appropriate activities & materials that help your child understand important learning concepts.

ENGAGE:

We understand parents give in selecting the right education for their child. This gives potential families opportunities to see how our students move through the day, meet our head of school, as well as see our philosophies in action. This is our chance to ask each other questions and get to know each other one-on-one.

ENROLL:

Enrolling your child to Dronalaya is also very simple. We keep the paperwork to the minimum. All that you need to do is fill up an Admission Form and submit them along with the fees at our office.
